

## **SUPPORTERS GROUP SUFC 2023-24 SEASON CARD SURVEY**

We are approaching the time where football supporters across the country eagerly await details from their clubs of 2023/24 season cards, and Blues supporters will be no different. In a season where our heroes have mounted an unlikely challenge for the play-offs, Southend United's supporters have been astonishing, and have done themselves and the club proud. They have backed the boys in some of the biggest numbers and with the loudest voices in the division both home and away - and have gained plenty of plaudits on the journey!

However, it goes without saying that things off the pitch must improve quickly. The immoral treatment of loyal and hardworking staff has left a bitter taste in mouths. The chairman needs to know that the backing given to the club by its outstanding supporters should never be taken for granted, and that we deserve to be engaged and communicated with rather than treated with utter contempt.

The Supporters' Groups of Southend United would therefore like to gauge the opinions of supporters as we enter the business end of the season and look towards the next.
